Letter To Parents and Students

Dear Parent/Guardian and Student/Athlete:

Please take a few moments to read this letter. Hopefully, this will help you understand how a competitive program is conducted and what comprises our expectations and philosophy.

1. In each program, a coach and/or coaches are hired by the school district to be responsible for team selection. The head coach establishes criteria for selection, possibly with input from the entire coaching staff. This may be a highly subjective process. Team selection, practices, and decisions regarding game situations are the responsibility of the coaching staff. Please call the athletic director to make an appointment with the coach outside of school, practice or game time.

2. Our experience in athletics reveals there are many “select teams” sponsored by many different organizations. Each coach looks for something different in his or her players. Participation on a “select team” does not guarantee any player a spot on another “select team” or any high school team. While we believe players can gain valuable experience outside of the school athletic program, neither parents nor students should count on this type of participation to “guarantee” a spot on a high school team.

3. In order to make a varsity team as an upperclassman, a player must be outstanding and also play a position the team needs. Underclass student-athletes possessing these qualities have the same opportunity to make a team as the upperclassman does. At selection time, it will be the coaches’ decision.

4. Each member of the team is very valuable to the team’s overall progress. Starting positions and playing time are not guaranteed to anyone on the team. Some members may play a great deal of time in a contest while others may not see what a parent would consider “significant” playing time. Each student should have personal improvement as one of his/her goals.

By being a member of a team, regardless of time spent in actual competition, a person can learn many valuable lessons. Among them are the following: citizenship, sportsmanship, appreciating good play by an opponent, working together to meet team goals, responsibility and commitment to team and school, loyalty, placing team above self, learning to accept instruction and criticism, respect for others, winning and losing with dignity, self-control, and being responsible for one’s own actions.

We sincerely hope this helps you to understand the goals and philosophies of the competitive athletic program in the North Andrew Schools. Please feel free to contact us if you have any

ACTIVITY/ATHLETIC COMMITMENT PLEDGE

This pledge must be signed and returned to the AD prior to participation in any activity.

PARTICIPANT’S NAME (PRINT)	GRADE	SPORT/ACTIVITY
----------------------------	-------	----------------

Prior to participating in any practice or tryout sessions for any interscholastic sport, each athlete must:

1. Successfully pass a physical examination to participate in athletics, by a licensed physician and the copy of such examination must be on file in the athletic office of the building. Physical exam is valid if issued on or after February 1 of the previous school year.
2. Return this Activity/Athletic Commitment Pledge Form with the student and parent’s signature.

As a school’s student/athlete voluntarily participating in interscholastic activities/athletics, I acknowledge that:

1. I have read this Student Activity/Athletic Handbook and understand what the North Andrew School District expects from me in regard to the expectations set forth in this handbook and to sportsmanship, citizenship, scholastics, and staying free from drugs, alcohol, and tobacco use while enrolled in this school. I understand the consequences for violating school policy and I will not do so while a North Andrew School District student participant.
2. I will be responsible for all equipment issued to me throughout the season, will return such equipment at the conclusion of the season and will pay the current replacement cost for any of the equipment not accounted for by me at the end of the season.
3. I have been properly advised, cautioned, and warned by administrative and coaching personnel of the North Andrew School District that I am exposing myself to the risk of injury, including, but not limited to, the risk of sprains, fractures, and ligament and/or cartilage damage which could result in a temporary or permanent, partial, or complete impairment in the use of my limbs, brain damage, paralysis, or even death. Having been so cautioned and warned, it is still my desire to participate in sports and to do so with full knowledge and understanding of the risk of injury and with full consent of my parents/guardian.
4. I, along with my parents, certify that I have read and understand all of the North Andrew School District activity/athletic policies in this handbook. In order to be eligible for participation, I understand I must comply with all requirements listed.

Steps To Encourage Positive Solutions

Situations will arise at North Andrew throughout the school year which causes concern for parents, teachers, and students.

Resolving these situations quickly to the satisfaction of all parties involved benefits the educational program of the district. "S.T.E.P.S." should help you resolve problem situations quickly and satisfactorily. Please follow these steps if you have a concern.

Step 1: Contact the appropriate staff member. The first step in resolving a concern is to discuss it with the staff member involved - the teacher, the coach, the bus driver, etc. More than 95% of all concerns are resolved at this level.

Step 2: Contact the principal or immediate supervisor (athletic or transportation director). If Step 1 does not resolve your concern, discuss it with the principal or the employee's immediate supervisor. The principal is the professional educator in charge of the building and the person responsible for handling concerns regarding the school's operations. The principal and other supervisors can share building information and explain policies, guidelines, and procedures.

If you have not attempted to resolve the concern with the immediate person involved, you will be asked to do so at this step.

Step 3: Contact the Superintendent. If you feel that your concern has not been adequately resolved after following Steps 1 and 2, contact the Superintendent.

Step 4: Contact the School Board. If your concern has not been addressed in Steps 1-3, you can contact the board. The

Member schools are to enforce sportsmanship rules for our own school, players and spectators. Violation of rules can result in the following consequences: written reprimand, probation, suspension, ejection or permanent removal from events. Consequences are in force for players, coaches, students, parents and fans.

All school discipline policies and rules apply to the North Andrew School District students at school activities whether they are held on school property or away from school.

NORTH ANDREW R-VI SCHOOL

EXTRA-CURRICULAR PHILOSOPHY

The extra-curricular activities at North Andrew R-VI School District are closely coordinated with the highest possible level of academic excellence. Participation by a student in the extra-curricular activities should aid the students' growth in all related areas and should improve the academic pursuit of excellence.

Students will be encouraged to participate in activities and provide leadership among the student body. North Andrew will have the responsibility to encourage a student to secure the best record he/she can achieve, while seeking the outer limits of their capabilities.

The safety and well-being of the students, while participating in extra-curricular activities, is a serious responsibility and will be made a priority.

The sponsors of activities have the responsibility to train students in sportsmanship, in motivation, in self-discipline, in loyalty, in leadership, in extra effort, in the development of a positive attitude, and in individual self-esteem.

Team activities will be designed to teach young people how to work together to accomplish a positive and successful result.

The aims and objectives of the middle school and sub-varsity activities are different from the aims and objectives of the varsity activities.

In all middle school and sub-varsity activities, the emphasis should be on skill development and participation. As in all aspects of education, students do not progress at the same rate. Therefore, care must be taken that the varying skill levels of all students are considered. While it may be difficult for all members of the squad to participate equally in contests or practices, an athlete at this level should have the fullest opportunity to develop himself or herself as a person.

Varsity level activities are for those students who have demonstrated the most skill and best attitude. The objective of varsity level activities is to successfully compete in interscholastic competition.

At all levels, sportsmanship shall be promoted and encouraged. Fair play, courtesy, generosity and self-control shall not be sacrificed in the desire to win.

COMMUNICATION YOU SHOULD EXPECT FROM THE COACH

1. Expectations the coach has for your child as well as for all players on the squad.
2. Locations and times of all practices and contests.
3. Team requirements, i.e. fees, special equipment, off season conditioning.
4. Procedure should your child be injured during participation.
5. Discipline that result in the denial of your child's participation.

APPROPRIATE CONCERNS TO DISCUSS WITH THE COACH

1. Concerns regarding your child's mental and physical status.
2. Ways to help your child improve in the activity.
3. Concerns about your child's behavior.

It is very difficult to accept your child's not playing as much as you may hope. Coaches are professionals. They make judgment decisions based on what they believe to be best for all students involved. As you have seen from the list above, certain things can and should be discussed with your child's coach.

ISSUES NOT APPROPRIATE TO TALK WITH COACH ABOUT

1. Team strategy
2. Play calling
3. Other student-athletes
4. Selection of players

There are situations that may require a conference between the coach and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the other's position.

Ineligible Students

Students declared ineligible for any reason are not to:

1. Attend events open to the student body.
Exception – Homecoming and Courtwarming – They are open to the alumni.
2. Represent the school in a contest or event.
3. Attend organizational meetings while ineligible.
4. Attend field trips unless attendance is required by the teacher.

***NOTE: Students may ride the school bus to away games or extracurricular activities.

Parent/Athlete/Coach Relationship

We hope this information will make both you and your child's experience with the North Andrew School Athletic program enjoyable.

COMMUNICATIONS

Both parenting and coaching are extremely difficult vocations.

Coaches and parents both want the athletes to have a positive experience as they participate in the sport or activity.

Communication is the key to making the positive experience become a reality. Athletes, parents and coaches are all responsible for effective communications.

COMMUNICATION COACHES EXPECT FROM PLAYERS

1. Athletes should express concerns immediately and directly to the coach.
2. Notification of any schedule conflicts well in advance.
3. Specific concerns in regard to a coach's philosophy and/or expectations.

As your children become involved in the programs at North Andrew, they will experience some of the most rewarding moments of their lives. It is important to understand that there may also be times when things do not go the way you or your child wishes. At these times discussion with the coach is encouraged.

INTEGRITY

More than anything else in this world, I wish to have integrity. More than money, more than prestige, more than power.....I seek integrity. What is this thing I seek?

At its root, the word means unity or wholeness. An integer is a whole number - one that isn't divided into fractions. To integrate is to blend all ingredients.

A man of integrity is unified - not divided against himself. He does not say one thing and do another. He is at peace within and displays serenity without.

A man of integrity is whole - not lacking any ingredient. He has a boldness to try and the compassion to comfort. He has the patience to wait, the persistence to keep on, and the poise to give in.

The man of integrity knows that honor is more important than honesty...that is, knows that honor means not only what he is legally obligated to do but also what he is morally required to do.

Thus, the man of integrity has a highly developed conscience... and he listens to it, having the courage to act on his convictions.

The man of integrity, in other words, is obedient to the unenforceable. No one makes him choose a code of conduct that is a cut above the norm... he does it anyway. No one makes him obey his conscience...he does it anyway. No one makes him love his God...he does it anyway.

That is the man I seek to be, but am not yet, and may never fully be.

The Student Athlete's Bill of Rights

ALL STUDENTS HAVE THE RIGHT....

1. To take part in the activities of their choice, free from the pressure or ridicule of those who would have them choose another.
2. To be coached by persons who are professional in their conduct.
3. To be provided the equipment and protection necessary to enable them participate safely.

5. To be coached by persons who have more interest in the students, their well-being, and their development than they do in winning or personal goals.
6. To engage in competition at a level they can enjoy.
7. To have an atmosphere free from alcohol, drugs, and foul language.
8. To be free of pressures from coaches to participate or practice illegally.
9. To be free of pressure to participate in camps, clinics, or outside teams in order to be a part of the school team.
10. To team membership, school pride, fair participation and crowd sportsmanship.

Guidelines of the Athletic Council

The Athletic Council will be comprised of North Andrew athletes (9-12) who are interested in joining. The members must be involved in sports. All members of the Athletic Council must meet eligibility standards for athletes.

Responsibilities of the Athletic Council are as follows:

1. To ensure that the activities handbook is being followed and used.
2. To update the athletic handbook whenever necessary.
3. To promote student involvement and participation on North Andrew High School athletic teams.
4. To promote school spirit.
5. To promote sportsmanship at athletic events.
6. To make recommendations to the administration of ways that the activity programs can be improved.

Academic Policy

To remain eligible, a student must maintain satisfactory work in the classroom. Students in grades 7-12 will be governed by the schools accepted ineligibility policy. The above rules also apply to a student with an IEP.

If a student becomes ineligible by the MHSAA rules, then the MSHSAA rules supercede the local board policy.

Academic Requirements for Participation

Any student who represents North Andrew in interscholastic activities must meet the eligibility requirements. To remain eligible, a student must maintain satisfactory work in the classroom. Students who receive 3 D+ 's or lower or 1 F at the quarter will be ineligible for the next quarter. Student's eligibility will be based on the following grades:

HIGH SCHOOL	JUNIOR HIGH
* 1 st Quarter Grades	* 1st Quarter Grades
* 1 st Semester Grades	* 2nd Quarter Grades
* 3 rd Quarter Grades	* 3rd Quarter Grades
* 2 nd Semester Grades	* 4th Quarter Grades

Eligibility of IEP students will be determined by the student's IEP.

If a student becomes ineligible by the Missouri State High School Athletic Association (MSHSAA) rules, the MSHSAA rules will supercede local board policy.

This policy/regulation affects any student in grades 7-12, involved in an activity other than the regular school day or other than activities that are graded or classroom requirements. For example, including but not limited to, students would not be able to participate in any high school or middle school activities, participate in sports activities, academic meets, field trips, dances, etc. if they are ineligible. Any exceptions would have to be approved by the building principal.

Suspensions

Students in grades 7-12 who have been given a suspension (in school and out) will not be eligible to attend any activities until the suspension has been served. Any coach or sponsor shall have the authority to set any additional eligibility requirements which are more restrictive as they deem necessary.

Students with Individual Education Plans (IEP) will be considered on an individual basis and the decision will be based on their IEP's and be made by a team consisting of the building principal, counselor, special education instructor and all teachers involved in the IEP case.

Phone and/or letter will notify parent(s)/guardian(s) when a student is to miss an extra-

To be eligible for a letter, an athlete must complete the season in good standing and be properly released from the sport by the coach. The athlete must have participated in 50% on varsity quarters or innings in football, softball, and basketball to qualify for a letter. In track, the athlete must score 2 point for the team in order to letter. All innings and quarters will be recorded by the coach and he/she will determine if the athlete has lettered.

At the end of a season, the athletic director and coach will designate a day as a uniform/equipment check-in day. On this day, athletes are asked to turn in their uniform/equipment. If the athlete does not turn in ALL of their equipment/uniform, the athlete will be deducted 20% from their quarter/inning total. In track, the athlete will lose 2 points from their total. The athlete will continue to lose 20% or 2 points each additional week that their items are not turned in.

Equipment

Each student is responsible for any and all equipment issued to them. A student will be expected to pay for any equipment lost or stolen from them. School equipment is in high demand and each student must take the highest degree of care in transporting and storing their equipment.

To insure the security of your equipment, the following steps should be followed:

1. Do not loan or exchange any of the equipment issued to you.
2. Keep your locker LOCKED AT ALL TIMES when not in visual contact with the locker.
3. Report any lost equipment to the head coach/sponsor.
4. All equipment should be worn at school and never outside of school unless permitted by the head coach/sponsor.
5. Any equipment or uniform you may see out of school which does not belong to the individual or individuals should be reported to the coach or the athletic director. By doing this, you are not only helping the athletic department, but also the individuals who must pay for the stolen items.

Debts Due To Loss Of Equipment

Expensive equipment and uniforms are checked out to the athletes for their use in our programs. The athletes and their parents are responsible for the proper care and washing procedures of these items. Items that are lost, stolen, damaged through improper use, and excessively faded, or discolored by improper washing procedures will be paid for by the athlete or his/her parents. These measures are necessary to enable the athletic program to continue to outfit and provide the safest equipment affordable.

Unsportsmanlike Conduct

CONSEQUENCES OF UNSPORTSMANLIKE CONDUCT OF AN ATHLETE:

1. Incidents involving athletes where a player is guilty of deliberately striking an opposing player, using profane or vulgar language, or using abusive language toward officials; will result in the coach removing that individual immediately from participating in the remainder of that game; and not to be allowed to participate in the next contest.
2. The second offense of this nature shall cause an athlete to be suspended for (30) thirty calendar days from all athletic events.
3. The third offense of this nature shall cause an athlete to be suspended for (1) one full calendar year from all athletic events.
4. The fourth offense of this nature shall cause an athlete to be suspended permanently from all athletic events.
5. Any player of a North Andrew High School team who shall warrant a Special Report from the Missouri State High School Athletic Association (MSHSAA) for any unsportsmanlike, flagrant, or any inappropriate behavior shall cause the (4) four preceding steps to be invoked.
6. It shall be set up to the discretion of the administration and coaches to whether other incidents during, before, and after athletic events fall into the above categories.
7. The Athletic Council has the authority to recognize and report to the principal any inappropriate behavior of a spectator at any athletic function.

Physician Exams and Insurance Requirements

Athletic By-Law 309 (a) in the MSHSAA handbook states: "The school shall require of each student participating in athletics or an activity performance group a physician's certificate stating that he or she is physically able to participate in athletic contests or performance groups. The medical certificate is valid for the purpose of this rule if issued after February 1st of the previous year. This certificate must be on file before the student will be allowed to practice with any of the North Andrew School District's athletic teams."

Athletic By-Law 309 (b) in the above handbook states: "A student shall not be permitted to practice or compete for a school until it has verification that he or she has basic insurance coverage. (Also on file)."

Protect Your Eligibility

The Missouri State High School Activities Association (MSHSAA), of which the North Andrew School District is a member, is a voluntary, nonprofit, educational association of junior and senior high schools established for the purpose of working cooperatively in adopting standards for supervising and regulating interscholastic activities and contests.

One of the primary functions of the MSHSAA is to establish eligibility standards that must be met by all students to attain the privilege of representing their school in interscholastic activities.

Eligibility is a PRIVILEGE to be granted by the school to a student, which allows that student to participate in interscholastic activities. Eligibility is NOT A STUDENT'S RIGHT BY LAW. Precedent setting legal cases has determined that eligibility is a privilege to be granted only if the student meets all standards adopted by the school, which enables the school to grant the student such a privilege.

Listed below is information to acquaint you with the major rules and regulations you must follow in order to protect your eligibility.

1. You must be a creditable school citizen. Creditable school citizens are those students whose conduct, both in and out of school, will not reflect discredit upon themselves or their schools.
2. Academics
 - a. You must be enrolled in courses offering 3.0 units of credit. (This is normally five courses).
 - b. You must have earned 3.0 units of credit the preceding semester.
3. Transferring schools
 - a. If you transfer schools and your parents do not move to your new school district, you will be ineligible for 365 days, unless you meet one of the exceptions to the transfer or promotion rules. (See your principal or activities director).
 - b. If you move with your parents to your new school district you will be eligible immediately.
4. Participation limits
 - a. You are eligible to participate in any sport for a maximum of four seasons. Any part of a game played during a season counts as a season of participation.
 - b. Your eligibility to participate in high school activities begins when you first enter the ninth grade and lasts for the first eight semesters that you are enrolled in high school. Your eighth semester must immediately follow your seventh semester.
5. You must enter school within the first 11 days of the semester to be eligible.
6. Awards standards

Transportation to Activities

Participating students of the North Andrew R-VI School District will be transported by bus to and from school sponsored activities, unless the parent(s)/guardian(s) contacts the sponsor at the event or activity to sign their child out to relieve the school of the responsibility of their child not making the return trip by bus.

1. All athletes, student managers, statisticians, camera people, etc. or anyone riding the activity bus must wear slacks (or appropriate attire) to all events.
2. Students are expected to return from activities that same way they go. The school will permit the parents/guardians to designate **TWO** adults (persons 18 years old or older) that can be responsible in their absence. To designate two people, the parent/guardian must fill out a form at the high school office in person or send the form filled out and notarized. The parent or designated adult will then need to see the coach/sponsor and sign the student out at the event before he/she may leave.
3. Students may ride with their parents by request if approved by the principal.
4. NO glass containers are allowed on the bus.
5. Athletes are expected to leave the bus as they found it. CLEAN!

Field Trips

Students should not be pressured by either coach or teacher in making their decisions. The student must make their decision on what is best for them. The player must realize that their grades may be affected in class and that they may also lose playing time if another player beats them out due to missing practice. However, an athlete is not to be punished by withholding playing time solely because they attended a field trip.

Days of Contest

Students must be at school for the whole day to be eligible that day. Approved absences will be given by the principal. MSHSAA policy also states that if a student misses classes without being excused by the principal, the student shall not be considered eligible on that date. Further, the student cannot be certified eligible to participate on any subsequent date until the student attends a full day of classes (or has an excused absence from class) without an unexcused absence. For example, if a student has an unexcused absence all day on Friday, that student is ineligible to compete in an event on Saturday. Notification needs to be received in the office by 12:00 pm (NOON) on the preceding Friday in order to be eligible to participate in a Saturday event.

Lettering

The athletic letter at North Andrew High School is a badge of honor bestowed on an individual student for outstanding service to the school in a sport. It stands as a testament that this student has reached high standards and is held in high regard among the students and faculty at North Andrew. The acceptance and wearing of the school letter indicates special responsibilities for

Use and/or Possession of Tobacco, Alcohol, and Drugs

The coaching staff and administration of North Andrew High School believe a fit body and alert mind are essential to success on the athletic field as well as in life.

THIRD OFFENSE: Suspension for (1) calendar year from all activities.

All offenses shall be reported to the athletic director to be kept in the permanent records. These rules become effective and apply at any grade level that North Andrew Middle School/High School offers in any MSHSSA sponsored activity. (Grades 7-12) Each offense will be placed on the athlete's permanent record and will carry over from season to season.

Athlete's Appearance

NO athletes are to wear caps in school buildings or while in school issued uniforms.

BOYS: Boy's hair and facial hair must be neat and well groomed.

GIRLS: Girl's hair must be neat and well groomed.

Any tattoos that an athlete may have **MUST** be covered regardless of the nature of it.

All athletes, student managers, statisticians, camera people, etc. or anyone riding the activity bus must wear appropriate attire.

Practices

No practices, "skull" sessions, film viewing, etc. involving students will be held on Sundays, school holidays, or snow days with out the permission of the Principal. (In his/her absence, Superintendent)

All practices must be conducted on school grounds and facilities unless permission is granted by
