

## College Scholarships

Please contact your selected college to receive a full list of scholarships available. College scholarships and financial aid can be your best source of college funding.

The information listed below is condensed, please review the application for more detail.

This listing is not the "complete" list of scholarships--some scholarships may be available as new info reaches the Counseling Center. Please check with Mrs. Leake for information on scholarships and any new scholarships, which are posted in the Scholarship Binder in the Counseling Center.

Scholarship searches may be done on the internet. Websites that offer this service can be found on the Counselor's Corner Web Page which can be linked through the LHS web page

<http://www.louisiana.k12.mo.us> The scholarships listed below are broken into three categories; Miscellaneous Scholarships\*. This list represents miscellaneous scholarship applications that are received annually through the mail. The second category is College/University Scholarships\*\*. College Scholarships are offered by every college and can be your best source for scholarship money. The list consists of college scholarship information we receive through the mail. This list is not inclusive. You should contact the financial aid office at the college of your choice to find out about all of the campus scholarships offered. Most colleges have one scholarship application that can be completed for all campus scholarships. The third category list *Local Scholarships\*\*\**. Please note: Many of the local scholarship applications will not be available until after Christmas. It is also important to highlight and have ready the names of the scholarships that apply to you and that you are interested in. Have your list narrowed down before you come in to collect applications.

The Louisiana R-II School District is fortunate to have a number of locally funded scholarships and financial grants available to students who graduate from Louisiana High School. The number of scholarships as well as the scholarship amount may vary from year to year. Students are encouraged to apply for all scholarships for which they are eligible and to meet all application deadlines. Sometimes deadlines are subject to change without notice please understand many times it is beyond the counselor's control.

## Scholarships-Local included!!!

Please note that this list has been compiled based on information located in our files from the previous year. Deadlines for application, award amounts and availability may vary from year to year. Students need to listen carefully to announcements for each year's most current information on the local scholarships. I apologize ahead of time if I have missed any local scholarship. Please notify the counseling office at 754-6181 if you are aware of a missed scholarship opportunity so I may update this data base. Please note \*\*\**LOCAL SCHOLARSHIPS* are titled in this font.

**HAVE YOU BEEN ACCEPTED TO a 2-year school, 4-year school, Tech School or military....let Mrs. Leake know if so!!!!**

## **Volunteering looks great on applications, resumes and to the community!**

For you and your parent/guardians the senior year can feel overwhelming. You may feel overloaded with information from the Counseling Center this year. It is important, however, that you take the time to read the information. As you read, highlight information that you find interesting or that pertains to your future plans. Start a filing system or keep a folder of college/career information that you receive throughout the year. Try to be organized so that you can quickly find information as it is needed.

Please share this information with your parents and know that Mrs. Leake-your counselor, is here to assist you.

Thanks- *Mrs. Leake*

Scholarship Data Base UP DATED November 12, 2008

## SPECIAL EVENTS:

Most Colleges and Universities have Open House/Visitation Days for you and your parents. Many of these dates fall on the weekend. Listen to the daily memo for dates and stop by the senior bulletin boards. Placing yourself physically on the campus is a very important step in choosing the right college for you. Remember you also college visitation days that may be taken during the week.
