Elementary Principal

Telephone 567-2527

November 6, 2009

Dear Parent/Guardian,

The North Andrew School District will be switching to a new parent notification system at the end of November. The system will notify Parents/Guardians about any announcements, school closings, activity changes, etc. which are pertinent at that time. You will be notified by telephone, cell phone, text message and e mail. The system will use current information that is stored in our Lumen Student Information System. Parents will also be contacted by phone and e mail through the system when their student is absent from school. We are asking you to contact the offices if you would like to opt out of any of these communication services or if you would like to add additional communication numbers to our Lumen Student Information System. The school district will be doing a test of the system on **Tuesday, November 24.**

Sincerely,

Jim Shultz
Superintendent
